

Digitale en analoge tijd

1. Welke tijden horen bij elkaar? Trek een lijn.

The image shows five analog clocks at the top and five digital time boxes at the bottom. Lines connect each clock to a specific time box:

- Clock 1 (12:15) connects to 16:50
- Clock 2 (8:10) connects to 22:15
- Clock 3 (16:50) connects to 15:40
- Clock 4 (14:00) connects to 8:10
- Clock 5 (15:40) connects to 14:00

2. Zet de juiste tijd op de klok.

The image shows two rows of analog clocks and digital time boxes. The first row has five analog clocks and five digital time boxes below them:

- Clock 1 (21:10) connects to 20:30
- Clock 2 (6:50) connects to 7:45
- Clock 3 (7:45) connects to 6:50
- Clock 4 (17:25) connects to 17:25
- Clock 5 (20:30) connects to 21:10

The second row has five analog clocks and five digital time boxes below them:

- Clock 1 (8:45) connects to 8:45
- Clock 2 (14:15) connects to 14:15
- Clock 3 (3:25) connects to 3:25
- Clock 4 (10:50) connects to 10:50
- Clock 5 (19:30) connects to 19:30
