

# Digitale en analoge tijd

1. Welke tijden horen bij elkaar? Trek een lijn.

The image shows five analog clocks at the top, each with a line connecting it to a digital time box below. The connections are as follows:

- Clock 1 (12:15) connects to 16:50.
- Clock 2 (8:10) connects to 22:15.
- Clock 3 (16:50) connects to 15:40.
- Clock 4 (14:00) connects to 8:10.
- Clock 5 (15:40) connects to 14:00.

2. Zet de juiste tijd op de klok.

The image shows two rows of analog clocks, each with a digital time box below it. The connections are as follows:

Row 1:

- 21:10 connects to the clock showing 9:10.
- 6:50 connects to the clock showing 10:50.
- 7:45 connects to the clock showing 9:45.
- 17:25 connects to the clock showing 5:25.
- 20:30 connects to the clock showing 8:30.

Row 2:

- 8:45 connects to the clock showing 9:45.
- 14:15 connects to the clock showing 2:15.
- 3:25 connects to the clock showing 3:25.
- 10:50 connects to the clock showing 10:50.
- 19:30 connects to the clock showing 7:30.
